

The Chicago History Museum stands at the crossroads of America's past and future. For those who live in Chicago or visit from afar, the museum is a curious about the city's present and future, the past should be your first stop. The museum's care for showcases and preserves millions of authentic artifacts of Chicago and U.S. history. The museum's ability to illuminate the city's history is a reminder of what really happened once upon a time and how it shapes the present, and continues to inform the future.
